# VERSABAY<sup>®</sup>

FLUORESCENT HIGH BAY

## *The new industry standard for fluorescent high bay lighting*

VersaBay<sup>®</sup> luminaires are the new industry standard for fluorescent high bay lighting with Advanced Thermal Management, serviceability, and performance that is unrivaled in the marketplace. VersaBay<sup>®</sup> UL listed high bays carry an unequaled ballast warranty of 5 years at 65°C for T5HO and 55°C for T8 (277V). The VersaBay<sup>®</sup> high bay was developed to address the issues of elevated temperature by creating a systems approach to properly dissipate and control the heat-producing elements.
