

## Zero Plenum® Troffer High Efficiency Architectural Luminaire

RECESSED ARCHITECTURAL

### FEATURES

- Soft, uniform light distribution provides excellent vertical illumination free from harsh contrast
- Employs T5 or T5HO technology for high efficiency and high performance
- Housing depth of only 1½" for a luminaire no taller than standard T-Bar rails
- Unique telescoping housing minimizes installation depth and simplifies installation
- Does not intrude into usable plenum space
- Multiple shielding options include linear prismatic lens, injection molded, high impact acrylic baffle, or descending perforated metal diffuser
- Three reflector options provide customized aesthetics
- UL listed 1598, cUL or CSA. Damp Location standard
